

Year 5 23 11 18

Maths

This week we have looked at multiplication and division:

Attached are some examples that your child will have to answer on arithmetic tests over year 5 and year 6. There are four tasks for each and they get progressively harder each time. Don't worry if they are unable to complete all of them.

Coming Soon:

26th November - Talent show auditions.

30th November - School is closed for Inset.

12th December - Christmas panto in school.

14th December - Christmas dinner, Christmas jumper day and Pegasus Has Got Talent. <

20th December - Nativity in the afternoon

21st December - Nativity in the morning and normal finish.

Spellings - ei

deceive, conceive, receive, perceive, ceiling, protein, caffeine, seize, either, neither, leisure, neighbour.

A rule sheet has been attached.

Homework Project.

You need to work with your parents or carers to create a project based on our natural disasters project in English and Geography.

Suggested ideas: You could possibly create a model to show the devastation caused by a natural disaster; create a fact file of disasters that have occurred or write an explanation of how a natural disaster occurs. This is not an extensive list and I'm sure some of you will have some of your own ideas.

It needs to be of a high quality as they will be on display for your parents and other visitors to the school. Be creative and impress me!

They will need to be back in school ready to share with Parents on Wednesday 12th December at 2:30pm.

The Cave of Curiosity

In the cave of curiosity, I created
an angry ant ambling along,
a terrified tarantula tickling a tornado
and a curious computer calling cautiously to the King.

In the cave of curiosity, I created
the sound of silence closing its lips,
a humming bird's wings flickering,
as the sea silently scrapes the pebbles
and ten tired lorries trundle by.

In the cave of curiosity, I created
the touch of smooth stones from the summer beach,
the stickiness of honey on a fingertip
and the heat from a teaspoon as it stirs my morning tea.

In the cave of curiosity, I created
the coldness of frost as it freckles the window pane,
the sharpness of a saw as it crunches through wood
and the sadness of a tear as it trickles down a cheek.

In the cave of curiosity, I captured
the moon's cold gleam imprisoned in a box,
the joy of a merry-go-round as it spins like a feral ferris wheel
and the force of a rainbow as it dazzles the sky
with a smile that stuns.
