

Maths

This week we have finished our work on place value in Maths. In preparation for the next unit, have a go at the 'countdown challenges' on the back.

Coming Soon:

Thursday 23rd May - School Closes (Elections)

Spellings - fer

*Referring, Referred, Preferring, Preferred, Transferring, Transferred,
Reference, Referee, Preference, Transference*

Topic

This half-term our new topic in Year 5 is 'Off With Her Head'. So far we have researched about the relationships between Henry and his Wives, and wrote a letter as Henry to convince the people of England he was right to execute Anne Boleyn. This week we have started to construct a timeline of Henry's marriages and begun to provide detailed information about each of their marriages.

Please ask the children what they have learnt this week in our topic lessons,

Using the cards provided, can you use addition, subtraction, multiplication and division in order to reach the target number. You can only use each card once.

If you can't get the target number—get as close as you possibly can and then move on.
