

Our Vision:

Resilience, believing and achieving are the 'wings' which lead to a successful, happy future.

' Be happy, be brave and be curious'

At Pegasus Primary School we have four core aims that are developed through our curriculum. We:-

- Are **happy, resilient** in taking risks and believe in ourselves
- Are ambitious for the future
- Are **curious** and inspire to learn more
- Are proud of our community, the Pegasus family and are equipped for the future

Curriculum Intent:

The intent of the curriculum is to provide opportunities for children to develop as independent, confident, successful learners with high aspirations, who know how to make a positive contribution to their community and wider society. There is a high focus on developing children's moral, spiritual, social and cultural understanding. Wellbeing and character development is implicit in all we do. High expectations and high levels of challenge will be in everything. Our school ensures that children are well prepared for life in modern Britain.

A primary focus of our curriculum is to raise aspirations, engender a sense of personal pride in achievement, and provide a purpose and relevance for learning. It includes not only the formal requirements of the [National Curriculum](#), but also the range of extra-curricular activities that the school organises in order to enrich the experience of our children.

We provide a highly inclusive environment where all learners enjoy their education and pupils at all levels are helped to achieve their potential.
